Prince Albert. Hotel License.

Charles Fisher, Building situated on Lot 33

Duck Lake, Wholesale License.

J. A. McIntyre, The Saskatchewan Hotel  
Dated at Regina, this 31st day of May, 1895

J. C. Pope, Chief License Inspector.

**FROM THE CAPITAL.**

The Toronto newspaper are making  
pretty free with Clarke Wallace. They

again reported that Wallace had re-

signed. A correspondent asked the

premier as to the truth of the report.

"It is all humbug," bluntly remarked

Sir Mackenzie, "this story is circulated

simply for the purpose of injuring

Wallace. There is not a word of

truth in it.

The estimates were presented to-day

The estimated expenditure for the

year ending June 30th, 1895, is \$41,

243,417, as compared with \$40,038,

the previous year, being an increase  
of \$1,205,025. The estimate on

account of consolidated fund is \$36,

834,458 as compared with the initial

\$37,321,801 the previous year.

A difference is shown of over a million

and a half by adding the supplementary

estimates of last year.

The Soo canal gets an additional

\$150,000, the Trent valley gets another

\$303,000; Soulange canal gets

\$450,000. The total vote for canals

is \$2,527,420.

The estimates provide the additional

subsidy for Manitoba arranged by Sir

John and McMillan. The expenditure

on Manitoba fisheries is reduced, \$2,-

000.

There is an additional \$3,600 to com-

plete the Brandon Industrial school;

\$10,000 for Portage la Prairie post

office; \$12,000 for Moosomin, equi-

house addition; \$5,000 for a court-

house at Prince Albert; and \$6,500 for

a wharf on Lake Winnipeg, of which

\$2,500 is a re-vote. There is \$8,000

for dredging in Manitoba, against \$10,-

000 last year, and a re-vote of \$24,-

000 for a bridge across the Saskatchewan at Edmonton.

All appropriations in the estimates

show reductions.

Senator Boulton proposes discussing

the question of grading of Manitoba

highways.

The laboratory branch of the inland

revenue department has analyzed

eighty-four samples of agricultural

fertilizers this spring, an increase of

twenty-four.

The government insurance bill will

extend the time for companies to file

the statement of their general business.

This is because it is found that British

companies cannot make their returns

by March 1st.

The customs department will allow

Americans, temporarily visiting Cana-

da, to bring in their horses carriages

and harness for their personal use.

Bourassa, the veteran member for

St. John's, has returned to Ottawa

with his health improved. He went

home last week and it was thought

his parliamentary career had terminat-

ed.

Martin is moving in the commons

for papers, re-inspection of wheat at

Port Arthur. He said that the inspec-

tor received about \$25,000 a year from

fees and other sources, and by combin-

ing the insurance business with the

inspectors' duty he practically com-

manded all the insurance.

Messrs. Cartwright, Mulock and

Frazer supported Martin. Comptrol-

ler Wood said Martin had been misin-

formed as to the amounts. Gibb's

receipts were \$9,000 a year, but he

would bring down the papers. Martin

has given notice of a bill to make

clear the right of members in the terri-

tories legislature to resign their seats.

Canada's share in the Behring Sea

abstraction was \$134,000, including

costs in

J. D. MAVEETY, Proprietor.

PRINCE ALBERT, MAY 7, 1895

The Hudson's Bay Railway, we are  
told, is soon to commence and the  
work to be pushed on with vigor.

We hope earnestly that this news  
may be true; but we have heard this  
report so often affirmed before that we

are somewhat sceptical and before

putting any great credence in the  
report we would like to see the work  
begun.

We, the people of the  
Northwest, feel very anxious about

the road being built, because on the  
completion of this work large

the salvation of our country. We are at  
present in a very bad position with

regard to railway facilities. We are in a  
worse position than any other

part of the Dominion of Canada, although we have the finest agricultural

country under the sun; but that

avails nothing so long as we cannot

ship our products to the markets of

the world; while at the same time the

necessaries we have to import are so

taxed with an enormous freight tariff

that we feel we were much better off

when we employed the ox and cart to

bring in our goods. Better railway

facilities is a matter of life and death

with us and we earnestly hope that

some means will be devised shortly

whereby we shall have better and

cheaper access to the outside world.

The best means whereby this can be

carried out is by building the Hudson's

Bay Railroad. To show the advantages

we would possess by thus having

direct communication with Great

Britain, we will here give the approximate

distance of this great Northwest from either Liverpool or Glasgow.

We shall say the distance from Great

Britain to North River in Hudson's

Bay to be about 1,800 miles, the distance

from the harbor at North River to

Grand Rapids at Lake Winnipeg about

440 miles and from Grand Rapids to Prince Albert about

400 miles, total 2,640 miles.

Taking the Eastern route, the distance

from Liverpool to Montreal we take to

be about 3,500 miles, the distance from

Montreal to Winnipeg 1,423 miles, the distance from Winnipeg to

Regina 357 miles and from Regina to

Prince Albert 247 miles. Total 5,499

miles; or roundly speaking 5,500 miles.

Difference in favor of the

Hudson's Bay route 2,860 miles.

We do not say this is the exact measure

ment, but enough is given to show

that the difference is vastly in favor of

the Hudson's Bay route. The advantage

this country would have by this route being opened, would be

enormous. We would have a straight

road to the seaboard, we would have

direct communication with Great

Britain, our natural market, and thus

our trade would be kept among our

own kith and kin. Further, we are

sure that this route could be kept

open for almost six months in the

year; but even in that time a large

trade could be transacted. Under

these considerations it is no wonder

that we long for the completion of the

Hudson's Bay Railway.

Mr. Mulock has introduced in the

House of Commons a bill to prevent

members from drawing mileage they

do not pay. It may have taken some

courage to offer a proposition that

practically accuses M.P.'s of dis-

honesty, but it will take more to vote

against it. Really a member should

not collect expenses he does not incur

The beleaguered garrison of the Chit

ra fort has been relieved, and evidently

just in time. A month ago the

task looked very like an impossible

one, but things that look like impossi-

bilities are of regular accomplishment

when the British soldier in India is put on his mettle.

The Oxford parliamentary bye-election

has resulted in the return of the

Unionist candidate by a majority

larger than his Conservative predeces-

sor obtained. Such a fact speaks

longer than columns of newspaper

discussion as to how Conservatives

and Liberal Unionists will be swayed

Bismarck has been advising the Germans and a guilden to all who themselves to be led by dross. The trade-societies of America might heed the advice also. It is a case of frequent occurrence that the poorest workmen in the shop is the biggest talker in the assembly.

The Ontario Legislature has passed a bill to abolish horse racing at agricultural fairs. This will please the good people. The bill, however, permits the sale of spirituous liquors at such institutions. This will please the other chaps.

Secretary Morton, while laying in wait for the moral monetary conferences as a means of maintaining a fixed ratio of value between gold and silver, fears that the Populists and other vagrant parties may secure a temporary control of legislation in the United States, attempt the impossible for the sake of saving owners and so do harm to the country. In Mr. Morton's opinion universal suffrage is not based on universal wisdom.

The Newfoundlanders are only getting fifty cents a day on the relief works. S. H. Herbert Murray has stated, and the feeling in favor of re-establishment of a Crown colony government in the island is said to be declining. The first fact should not necessarily have any connection with the last, but it probably has. It suggests what might be the rule if the island decides to stay out of the Confederation, and it is not a condition of affairs that would be hard to better.

## The Wild Flowers of Canada.

This Dominion will soon be covered with wild flowers as with a carpet. It is interesting to hear that splendid pieces are to be given to those who know the Wild Flowers of Canada by name, form and color. European and American judges of floral nature say Canadians should be so carried away with the beauty of their own native bloom as to ensure an acquaintance with the Wild Flowers of Canada by every man, woman, boy and girl in the Dominion.

In this connection the Montreal "Star" is coming in for much praise for a splendid work it is publishing, entitled "The Wild Flowers of Canada," in portfolio form, sixteen flowers in each portfolio, three hundred plates in all, natural colors and natural size, the whole forming an invaluable treasure for the library. For a limited time these valuable portfolios may be obtained from the Montreal "Star" or local newsdealers at fifteen cents each. Amazing cheap.

The Manitoba Free Press in speaking of the Uxbridge Piano says: They are genuine works of art, and reflect the highest credit upon the firm which has produced them. The old style of upright piano is thrown into the shade. The Uxbridge Piano has a continuous rack which will be appreciated in the playing of duets; sitting down to the piano the performer touches a lever and the keyboard is uncovered, and the hinges of the lid turn out of sight, and the instrument presents the same artistic appearance when open as when shut. The Organ manufactured by the Uxbridge company have been in use for over twenty years, and require no special description as they are so well-known and liked in the homes of the thousands over the whole world. However, the company is manufacturing a six Oct. Organ in Piano case which is having a wonderful sale. The Pianos made by the Uxbridge Piano Co. are a credit to Canadian enterprise, being equal in tone, durability and finish to the best American.

The greatest papers in Great Britain and the United States freely acknowledge the wonderful merit of the *Family Herald and Weekly Star*, Montreal. The *Family Herald* is a great newspaper and a great family paper, but it is more than that, it is one of the greatest authorities in the world on cheese, butter, general dairying, and general farming. How a progressive, up-to-date farmer can do without the *Family Herald and Weekly Star* of Montreal is no wonder that we long for the completion of the Hudson's Bay Railway.

PILLS FOR DYSPTEPIA.

Complaint is made that the choir boys of our time. We recommend that they wear tunic.—Yale Record.

It is remarkable how when a blabbing man's tongue begins to get thick his lips begin to get thin.—Washington Star.

TILLINHORN—"Miss Chinner is a tailor-made girl." Gildersleeve—"Yes, she is the most gentlemanly lady I know."—Jester.

LAKEHORN—"I read in the paper the other day of a man who says he saw a brown rat with a blue tail." Stingers—"He must be a jay to give himself away in that style!"—Truth.

SALISBURY—"Yes, Mr. Tatting, I shall relinquish my situation, as I am to be married." Proprietor—"Are you? Well, we'll do the best we can for you. We'll hold your place for you six months. Hope you'll enjoy your vacation."—Boston Transcript.

INTERESTING FIGURES.

In 1891 Reading, Pa., had 793 weddings, 1,162 babies and 1,002 funerals.

In New York there are 50,000 cash girls between twelve and fourteen years of age.

In 1890 Philadelphia had nearly 10,000 more population than New York. The figures were 70,228 and 69,129.

It is stated that the mines of Utah have yielded a product of \$7,000,000 altogether, and of this amount the mines of Park City yielded over \$15,000,000.

## TOWN AND DISTRICT

New Spring Dry Goods at Fish's.

Why not paper your house this spring? Cheap Wall Paper at Geo W. Baker's.

Wait till the clouds roll by; but if you do, you may miss those \$1.50 pants at T. O. Davis'.

Four cabinet sized photos at O'Meara's for one dollar. This is only for a short time. Don't miss this opportunity.

A much larger acreage than usual has been cropped in the Carrot River and Melfort districts.

The big T Pot, which came to grief in the recent high winds has been replaced in front of Buffalo Hall.

Miss Smith, of Duck Lake, spent last week here visiting friends, and was the guest of Mrs. Corbett while here.

At the Queen's—J. C. Gillespie, Geo. Strachan, Winnipeg; J. Witterman, Boucher; F. Feilman, Shell Brook.

Mrs. Pringle, who had been visiting friends in the Carrot River District for the past few weeks, returned home yesterday.

The Messrs. John and James Flett, of Carrot River, have purchased a fine Clydesdale stallion from Mr. Smith, of Brandon.

On Thursday evening next the Salvation army will hold a Sing Song service and Saturday evening a War Cry meeting will be held.

The mail driver for Kinistino and intervening points is at present staying at the Queen's, where he can be seen parties requiring his services.

The section house of the local branch has been re-opened, with Mr. Wilson in charge. A couple other men have also been put on duty.

The Carrot River Agricultural Society will hold a stallion show on the 9th inst. The show takes place on the grounds around the Agricultural Hall.

Bruce Corbett is making arrangements for the herding of cattle during the season. He has secured the promise of some forty cows and will commence the business at once.

Stove's Pocket Directory for May has reached us. It is a neat little book, bang full of valuable information and should be in the hands of all business men and travellers.

Rupert Council, R.T. of T. will hold an open meeting on Tuesday evening the 7th inst. A special programme has been prepared for the occasion and a pleasant evening is ensured.

T. Courtemont, of the Boyd farm south of the town, on Saturday sold a half dozen Hereford fat cattle to John Paul. There are for the old country market and were in fine condition.

Supt. Milestone, of the local branch and mechanical Supt. Cross, of Winnipeg, came in on Tuesday's train and left again for the south Thursday morning. They enjoyed a day's shooting while here.

The American House changed hands this week, Mr. Jackson having sold out the place to a couple young ladies, lately employed at the Queen's. Mr. Jackson, we understand, will devote his time to the making of pictures.

A horse race took place at the driving park this morning between "Not-in-it," owned by Mr. Winterman and "Deceiver" owned by Mr. Fish. The race, which was for a small purse, was in heats, best two in three, and was won by Mr. Fish's horse in two straight.

The East End Temperance Organization held their usual meeting on Thursday evening last. There was a fair attendance present, amongst whom were some visitors from similar associations of the town. The usual programme of music, recitations and speeches were presented and enjoyed by those present.

J. B. McNevin, of the Ridge, paid us a visit this week. Mr. McNevin thinks crop prospects are good for this season, and says a large proportion of the wheat crop is above ground and looking well. While in to see us, Mr. McNevin renewed his subscription to this paper for the thirteenth year. He is amongst our first subscribers.

The Central School Board met on Thursday last, with all members present. There was no business of importance brought before the Board. The principal's report for the month of April was handed in and read, which showed the attendance of pupils as follows: Standard I—On roll, 53; average attendance, 37. Standard II—On roll, 36; average attendance, 31. Standard III—On roll, 44; average attendance, 38. Standard IV and V—On roll, 43; average attendance, 33. The total number of pupils attending the school for the month was 176, the highest number yet reached, and show the school to be growing rapidly.

Sewing Machines—new and old—cheaper at Geo. W. Baker's than any other house in town. Call and see for yourself.

4 lbs. finest tea, at 40 cents, 1.60  
10 lbs. Granulated Sugar, 40  
At Fish's, 2.00

No Condition Powders like Dick's Blood Purifier.

The finest assortment in Jewellery novelties is to be found at Geo. W. Baker's.

E. Dawson, employed at Oakden's blacksmith shop, has been seriously ill from pleurisy for the past week. He is now in a fair way of recovery.

Jack Smith, lessee of the Victoria feed stables has closed same for the summer months and gone to Red Deer Hill on a shooting excursion.

Ralph Connors, the Kinistino freighter, was in town this week. He has resumed his regular trips, having about completed putting in his spring crops.

D. L. Shannon went out to his camps last week to look after business. He has completed the building of a dam across the Little Red river, which he says will ensure the delivery of logs for the mill in the near future.

Our old friend R. Beatty, of Melfort paid us a visit this week. He informed us that crop prospects were good, the majority of the wheat sown being above ground and looking well. On his way to town he purchased a thoroughbred bull from Mr. Ellis, st.

A train of fifty-four ox and pony carts was the now-days unusual sight witnessed here Saturday evening last, when battlefield freighters pulled out for home. It is some years since we saw anything like that number in one procession.

Last Tuesday's train brought in Mrs. Gillmor and three children, from Toronto. Mrs. Gillmor comes to join her husband, our worthy townsmen W. T. Gillmor, furniture dealer, who has been a resident here for the past couple of years. Mrs. Gillmor is delighted with the appearance and location of our handsome little town.

The "Rural Canadian" continues to be the most practical paper for the all round farmer to read. It has made a decided "hit" in securing the sole right for Canada of "The Farmer's New Guide," a well bound and handsomely illustrated volume of 778 pp., published at \$2.50 and not sold at a lower price except in connection with the "Rural." Every farmer should have the Guide and "Rural." Both sent to any address on receipt of \$2.50.

On Friday last a band of fat cattle reached the town from the Carrot River district. They were in prime condition and a credit to their owners and the district they came from. They were driven in by Messrs. James and John Robertson, Alex. Rogers and other owners. W. H. Meyers also came in with a fine yoke of fat oxen, which tipped the beam at 3,900 pounds. They were all sold to John Paul for Ironsides, at three cents per pound live weight. Well done, Carrot River.

Waghorn's Guide for May contains additional features of interest besides the regular time cards of railway, ocean, and lake travel. Its success has inspired imitators who seek to re-produce in a cheap form the chief contents of the Guide, so the publishers announce that they will offer the Guide with the original reliable tables at 5 cents per copy or 50 cents per year, while such plagiarism lasts. No doubt the publishers will materially extend their already extensive circulation as a result of the public appreciation of the low price and the merits of the work.

Last week's issue of "The Canada Presbyterian" was noteworthy owing to increase of size and the special interest and contents. It contained a complete report of the annual meeting of the Women's Foreign Missionary Society, extending to fourteen columns. Every member of this important Society should have a copy. Other useful features are the Christian Endeavor Department, by Rev. W. S. McTavish, B.D., St. George; the Sabbath School Lesson, by Rev. W. A. J. Martin of Toronto; and letters from missionaries in the foreign fields.

The publishers offer a trial subscription till 1st January next for one dollar.

**RELIEF IN SIX HOURS.**—Distressing Kidney and Bladder diseases relieved in six hours by the "GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by J. G. White & Co.

Men's latest nobly hot at Fish's.

Awarded Highest Honors—World's Fair.
